

Extending Knowledge | Providing Solutions

Population growth, increasing water demand, contamination issues, and drought have placed the state's water supply under tremendous stress.

Texas A&M AgriLife Extension addressed these issues through:

5,350

EDUCATIONAL EVENTS, PLANNING MEETINGS, AND WORKSHOPS HELD IN 2015

achieving more than

1.3 MILLION

EDUCATIONAL AND OTHER CONTACTS

ECONOMIC IMPACTS

1,440
JOBS

supported in landscape irrigation, onsite wastewater systems, and water quality management

\$39.3
MILLION

in annual wages supported

\$5.7
MILLION

obtained by leveraging external grants for Extension education

16 WATERSHED-RESTORATION
projects sustained

1.5 BILLION GALLONS
water conserved annually

AgriLife Extension teaches efficient water use, sustainable practices, watershed management, and environmental stewardship.
