

Supporting Texas Jobs through CONTINUING EDUCATION

Challenges

- Due to the critical role of certain occupations, state and federal regulations require certification, licensing or continuing education to maintain minimum competency standards.
- High-quality training and continuing education are essential for service providers and employees in the occupations with these requirements.

AgriLife Extension Response

The Texas A&M AgriLife Extension Service offers numerous educational programs recognized by state and industry accreditation authorities for meeting continuing education and certification requirements. These programs serve thousands of people who render vital community services, enabling them to obtain or keep a job, start a business or stay in business.

Economic Impacts

AgriLife Extension directly supports **80,800 jobs** in Texas, with an estimated annual wage base of **\$1.7 billion** with its workforce-related continuing education and certification programs.
