Weekly Summary

Compared to last week's market, all weight class averages of both feeder steers and heifers ended fully \$4 to \$6 higher. Slaughter cows witnessed a \$2 rise while the slaughter bulls advanced about \$3.

The feeder board continues to post good closings as it appears new record feeder prices appear almost daily. The new crop calves are appearing in larger numbers in the sales arena. The bullish market figures on lighter cattle continues to draw them to markets as we witnessed over 57% of calves sold today weighed under 400 lbs.

COMMENTS

Overall market health would remain very strong. Great demand for most all classes of cows and yearlings. The numbers spread compared to last week would show to be a few dollars cheaper however, lots of the calves and yearlings for offering today would be carrying heavier flesh or be plainer type. The price difference in a fat bull calf compared to a conditioned steer would stretch to 40 dollars per hundred in some cases! Little lighter receipts today but look forward to another big run next week with 110 cows off one place! Also, don't miss the Box A horse sale here this Saturday!
