The Lubbock County Extension Staff would like to say "THANKS" to everyone who assisted with the 2024 Children's 4-H Barnyard at the South Plains Fair.

We also want to thank our sponsors for this year: the South Plains Fair, Purina Mills and HF&C Feeds - for providing the feed for the animals, and Western Hay Yard for providing the hay for decorations.

And finally, we want to thank each of the families and individuals who provided animals and exhibits for the Barnyard. Without these individuals and their animals, we would not be able to operate. DEADLINE IS NOV 7th

Entries for Non-Livestock Show Contests at Major Livestock Shows

If you plan to compete in a Major Livestock Show, in a non-livestock show competition (i.e. public speaking, horse judging, food challenge, etc.) please do not wait until the posted stock show deadline to complete your entry at the County Extension Office. The majority of these entries must go through the County Extension Office and be submitted when stock show entries are sent in. This requires some time and expense to send these entries in. Please contact us early, to let us know you plan to enter and we will let you know when the office deadline is. Robert does not wait until the last day to send in entries, therefore if you miss the county entry submission, you will have to pay any additional expenses, as well as postage for this to be sent in. Some Livestock Shows also include an office/paperwork fee in addition to the contest entry fee. If you have questions, please contact us immediately - **DO NOT WAIT UNTIL THE LAST DAY TO ENTER!**

SWINE PROJECT

Validation

All swine projects (barrows) must be validated for ownership in late November. This includes barrows which will be shown at Lubbock County and all major livestock shows.

Validation consists of ear tagging, hair samples, recording ear notches and completion of the appropriate forms. The validation process will be conducted similar to last year.

All members with swine will be notified of validation times and locations. If you are not notified by *November 18* - call the office for details.

ACCIDENTAL/MEDICAL INSURANCE

The Texas 4-H Youth Development Program is pleased to announce that an accidental/medical insurance policy has been purchased through American Income Life for all 4-H members and volunteers for the 2024-25 4-H year. This policy provides blanket coverage for all enrolled 4-H members and approved 4-H volunteers for all 4-H events, including 4-H events and activities that require travel across county and state lines. Therefore, counties no longer have to purchase an annual policy or a policy for individual events and activities throughout the year.

Please keep in mind that this policy is only for enrolled and active 4-H members and approved 4-H volunteers. Therefore, you may want to consider an additional policy for individual events and activities that involve non-4-H members or adults that are not approved 4-H volunteers. American Income Life is a nationally recognized insurance provider for many 4-H activities and events. However, other companies offering similar insurance coverage can be explored.

The policy purchased is also an excess (secondary) policy. For 4-H members and volunteers that have health insurance, their personal policies will be the primary insurance provider for treatment/care with the American Income Life policy providing secondary coverage for costs incurred that were not covered by their primary insurance provider. For 4-H members and/or volunteers that do not have health insurance, this American Income Life policy will provide primary coverage. Those for which this policy will serve as primary coverage, the Policy Number (found on the claim form) will need to be provided to the medical facility providing care for the 4-H youth/adult volunteer.

If any accident, injury or illness occurs at a 4-H event in which insurance coverage must be accessed, you are asked to complete the attached claim form and submit it to the State 4-H office within 10 days of the incident. This form

may also be accessed on the publications page of the Texas 4-H Website.

If any accident, injury or illness occurs at a 4-H event in which insurance coverage must be accessed, you need to contact Ronda immediately so that claim information can be properly submitted.
