MAKING A DIFFERENCE

By Helena Grace

Team Leader GRUB

GRUB is an amazing program that has been helping me in many ways since I started there. One of the most important thing that I learned there was how to be a good leader. For example, recently, I learned that being a leader does not necessarily depends on your personality or your finances; doing the little things can make a big difference in people's lives.

LEADERSHIP

COMMUNITY SERVICE EVENTS

JOIN OUR AMAZING TEAM!

We're looking for young visionaries interested in working with us to make our world a better place. We are looking for current 9th through 12th graders who live in Lubbock County who want opportunities to expand their community serve experience. Learn leadership skills while helping others and developing community service projects. Scan the code below to apply.

Colleges consider numerous factors when assessing applications, including the ways in which students give back to their community. In one survey of college admissions officers, 58 percent of respondents said community service positively impacted a student's chance of being accepted.

Hi! I am Blaze Bozeman, and I am a founding member of The HUB leadership and community service team. We aim to connect youth, like me with leadership and community service opportunities. I founded this group because I know lots of teens like me, want to help but don't know how or where to start! I really enjoy helping people and I am excited this summer to help teach leadership skills with Project Grub, serve at Heritage House and help with the community garden at The South Plains Food Bank Grub Farm! In July, as a team, we will collect school supplies items! Scan the code above or contact the extension office if you want to join us!

Who are we?

Idalou Meals on Wheels is a 501 c(3) which was established to enable people to live with dignity and independence by offering community support through nutritious meals to help improve or maintain overall well being.

What do we do?

The Meals on Wheels volunteers have learned that some of our community's seniors living on their own have no family or visitors. We want to keep the meal delivery local so our seniors are greeted with consistent, familiar people – people who become friends. Our volunteers pickup the meals and then deliver them to the recipient's door. These deliveries also serve as a well check ensuring the recipients are doing well and seen. On holidays, extra food is donated or purchased to send with the meals. Our food delivery recipients welcome a fun, festive occasion!

Who do we serve?

Idalou residents who are homebound and cannot independently prepare meals or have someone deliver food.

What is HIGH HEELS AND HOT MEALS?

This will be the biggest fundraiser of the year for the program. This year we will feature local models, live fashion sketches, several trendy vendors, and opportunities for laughter and fellowship among family and friends. This event will give participants and sponsors a chance to enjoy amazing food in a fun and casual environment to kickstart holiday shopping! We will once again feature a swag bag with every ticket purchased. Online and silent auctions will also be an event hit!

How can you help?

Prayer team- pray for our recipients

Drivers- we always need substitute drivers

Donor-consider us for tax deductible donations

Business sponsors-market your business and help a worthy cause

Swag bag donations- market your company with items ladies love (sewing kits, tweezers, gift cards, tape measures etc.) for the swag bags

THE FACTS ABOUT FENTANYL

FENTANYL FACTS

Fentanyl is a synthetic opioid that is up to 50 times stronger than heroin and 100 times stronger than morphine. It is a major contributor to fatal and nonfatal overdoses in the U.S.¹

Fentanyl is a synthetic opioid that is up to

50x stronger than heroin **100x** stronger than morphine

There are two types of fentanyl: pharmaceutical fentanyl and illicitly manufactured fentanyl. Both are considered synthetic opioids. Pharmaceutical fentanyl is prescribed by doctors to treat severe pain, especially after surgery and for advanced-stage cancer. However, most recent cases of fentanyl-related overdose are linked to illicitly manufactured fentanyl, which is distributed through illegal drug markets for its heroin-like effect. It is often added to other drugs because of its extreme potency, which makes drugs cheaper, more powerful, more addictive, and more dangerous.

ILLICITLY MANUFACTURED FENTANYL

Illicitly manufactured fentanyl (IMF) is available on the drug market in different forms, including liquid and powder¹. Fentanyl-laced drugs are extremely dangerous, and many people may be unaware that their drugs are laced with fentanyl.

Powdered fentanyl looks just like many other drugs. It is commonly mixed with drugs like heroin, cocaine, and methamphetamine and made into pills that are made to resemble other prescription opioids.

Street Names for Fentanyl

- Apache
- Dance Fever
- Friend
- Goodfellas
- Jackpot
- Murder 8
- Tango & Cash¹

In its **liquid form**, IMF can be found in nasal sprays, eye drops, or dropped onto paper like small candies.

DRUGS DO NOT COME WITH

More Information...

The One Pill Can Kill campaign encourages the use of social media to help raise public awareness of a significant nationwide surge in counterfeit pills that are mass-produced in labs, deceptively marketed as legitimate, and are killing Americans at an unprecedented rate. Additionally, Agent Bozeman can provide in person educational presentations about fentanyl and connect Lubbock County schools and organizations with Watch UR BAC. Texas A&M AgriLife Extension Service, through a grant from the Texas Department of Transportation (TxDOT), has a campaign, Watch UR BAC, to teach Texans about the dangers of alcohol and other drugs misuse—including binge drinking, the understanding of alcohol poisoning as well as the dangers of impaired driving. The Watch UR BAC program is a free resource to Texas community groups, faith-based organizations, schools, and businesses. Watch UR BAC is an awareness campaign that refers to blood alcohol concentration (BAC) which is used as a measure of the degree of intoxication of an individual. Binge drinking is a continuing problem in Texas, and most who binge drink do not know the amount and effects of the alcohol they are consuming. Contact Agent Bozeman at the extension office for more information.

Helping. Understanding. Building youth

Project GRUB is for students from the Lubbock area who are interested in learning leadership skills, college readiness, career readiness, mindful living, personal character development and serving the community through volunteering. Through collaboration with GRUB - GROWING RECRUITS FOR URBAN BUSINESS and a network of partners, Project Hub will find ways to make a meaningful impact in the community. Participants engage in youth-organized meetings, hands-on service projects, and opportunities for leadership. All of these activities work toward creating the next generation of community leaders!
