## About this Training

This training is designed for Private Pesticide applicators in Texas that want to obtain a Pesticide license. **Training only, testing will not be offered during this training.** Training is required for all private applicators prior to taking the private applicator exam by the Texas Department of Agriculture and administered by PSI Services.

**\*Testing procedures will be explained during the training.**

### Is a private pesticide applicator license right for you?

A private pesticide applicator is someone who uses or supervises the use of restricted-use or state-limited-use pesticides or regulated herbicides to produce an agricultural commodity on personally owned property, rented property, property owned by his or her employer, property under his or her general control or the property of another person if applied without compensation, other than the trading of personal services between producers of agricultural commodities.

Individuals with disabilities who require an auxiliary aid, service or accommodation in order to participate in this meeting are encouraged to contact the County Extension Office at (979) 826-7651 prior to the meeting to determine how reasonable accommodations can be made.

The members of Texas A&M AgriLife will provide equal opportunities in programs and activities, education, and employment to all persons regardless of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, sexual orientation, or gender identity and will strive to achieve full and equal employment opportunity throughout Texas A&M AgriLife. The Texas A&M University System, U.S. Department of Agriculture, and the County Commissioners Courts of Texas Cooperating
