Team Members Names: _____

_____

_____

_____

Coaches Name(s): _____ phone #:_____

_____phone #:_____

_____phone #:_____

An entry for the Food Challenge consists of teams of 3 to 4 members in the same age division. If you do not have enough 4-H'ers in an age division to create a team, the following age groups may combine to create teams: juniors may move up to the intermediate age division and the team will compete as an intermediate team. Intermediates may NOT move up to the senior age division. Seniors may not move down to a younger age division.

Eligibility forms are available on our website. We will verify eligibility for public school. If you are homeschooled, you must submit an eligibility form. Members must be eligible to compete.

Contest Rules & Guidelines:

Teams need to review the County & District 10 Food Challenge Rules & Guidelines found on our website. Seniors should review the Texas 4-H Food Challenge Rules and Guidelines for all of the contest rules and guidelines.
