Weekly Summary

Compared to last week's market, the average prices of all weight classes of feeder steers and heifers ended fully steady to firm. The slaughter cow figures advance about $4 but the slaughter bulls trended fully $5 lower.

The board continues it ups and downs almost daily, but it appears the board traders are merely trading paper. The feeder market appears to be comfortable with the packers, feeder buyers and producers for the past several weeks.

COMMENTS

This weeks market would mirror last weeks very closely. Slightly cheaper on the pee wee calves and most everything else steady. The market seems to be very sensitive to any characteristic that would make one less desirable (plain, heavy, flesh, extremely thin, scars or bumps). I would say the limited amount of forage and operating dollars would be the main driver for this. Stock cows are mostly steady. We appreciate everyone and will see yall next Wednesday!

Attention

Sale starts at 9 am with calves and yearlings, stock cows will follow!
Please have yearlings and cows at the barn by 12:00 on Wednesday!
